3. Now the said T. L Board have reconsidered the subject & have resolved that no further payments are to be made for the said road by the said Board, vide extract from the Resolution dated 2.2.14. The reason put forward for this reconsideration of the subject and refusal of the payment is assigned to my refusal to pay up any contribution for the proposed Dispensary at Shiggaon. In this connection I may point out that the proposed Dispensary at Shiggaon is not useful for the State which has a Dispensary of its own at Savanur; and if it be so to a certain extent to the State villages near Shiggaon, the Dispensary at Savanur is equally useful for the British villages near Savanur. Hence the location of a Dispensary at Shiggaon is useful for itself, whereas the Savanur-H.T-R road is very useful for the most of the villages of the Bankapur Taluka & is freely used by them. The matter of my refusal to pay up any contribution to the Dispensary at Shiggaon has nothing to do with the matter of refusal of payment of contribution for the said Road by the T. L Bd of Bankapur, which should remember that they have once resolved & promised to pay to the State. The action now taken by the T. L Board of Bankapur is obviously ~~arbitrary~~ not justifiable and if the Board intend to receive any contribution for their Dispensary from the State, their best course would have been to represent the matter for just in the same way as I had done ~~prosecuted~~ against the said Board. ~~Instead of doing~~ Their refusal to pay up the contribution due to the State on acct of the T. R to the said Road is thus ~~absurd~~ absurd on its very face.

4. Under the circumstances I

request that Jn will be good enough to advise or insist upon the said T. L Board to pay up the said contributions as resolved by them originally on 7th June 1913.

Assistant Collector, Ist Division, Dharwar.

To,

The Collector of Dharwar.

Sir,

With reference to the correspondence ending with your No. 4513 dated the 13th instant, I venture to request you to be good enough to move the Nawab of Savanur to make a contribution from the State's resources towards the Shiggaon dispensary. I was not present at the meetings of the Shiggaon Taluka Local Board at which the question of withholding the Board's contributions towards the Savanur-Hattimattur road was considered nor did I have anything to do with the decision to which the Board came, but I happen to know that there exists a very strong feeling among the members of the Board that the Board's contributions, both special and ordinary, towards the Hattimattur road are grossly disproportionate to the benefit that the inhabitants of the taluka derive and that the State is behaving very unfairly in refusing any contribution towards the dispensary, to which the inhabitants of many of its villages will go. The correspondence in this Office and in yours, which I have read, shows that the Shiggaon Taluka Local Board has, when left to itself, always resolutely refused to contribute anything towards the Hattimattur road on the ground that the benefit derived from it by the inhabitants of the Shiggaon taluka are exceedingly small, and that it was practically coerced, first by its President, Mr: Turner, to agree to pay a contribution of Rs: 200/- a year in perpetuity towards ordinary repairs, and then

by the President of the District Local Board, Mr: Naconochie, to agree to pay an additional contribution of Rs: 300/- a year for five years towards special repairs. That is to-- say, this little Board, with a total income of about ----- Rs: 6000/-, has to give 1/12th of its income at present -- towards the upkeep of a road of which not a foot runs ---- through its jurisdiction, and not only that, but, since the Savanur State and the Karajgi and Shiggaon Taluka Local -- Boards are, apparently, sharing the cost of the ~~Board~~ road ----- equally, has to pay as much as the Savanur State, which -- obviously derives more benefit from it than the Shiggaon - taluka. I do not ask that the question of the amount to -- be paid by the Shiggaon Taluka Local Board shall be ------ reopened, but I think that it will come as a graceful act on the part of the Nawab and will remove all opposition -- and bad feeling on the side of the members of the Taluka - Local Board, if the Nawab will consent to pay a subscript--ion towards the dispensary, which is an institution in -- which the inhabitants of the taluka take great pride and ----- interest and towards which they have contributed in the -- most generous and public spirited manner in a year of ---- poor crops. It is of course perfectly true that many of -- the inhabitants of the Shiggaon taluka have been resorting and will still resort, to the Savanur dispensary, but the map will show that some ten Savanur villages are nearer to Shiggaon than Savanur and the inhabitants of these will -- probably go to the Shiggaon dispensary.

2. I am refraining for the present from addressing -- the Shiggaon Taluka Local Board on the subject of ------- reconsidering the withdrawal of their contributions in the hope that I may be able to announce that the Nawab has --- consented to make a subscription towards the dispensary.

The Pol: agent Dharwar

My Friend,

I have the honour to acknowledge the receipt of your letter No 5060 dt 3rd Inst together with a copy of the letter No 1144 dt 24th ultimo from the Asst Collr ID and in reply I feel that I must represent the matter to you from my point of view. I have absolutely no objection to give a small contribution towards the Shiggaon dispensary. I refused it as I strongly objected to being treated in a way that the Board has chosen to treat the State. The Contribution of the State towards the dispensary has absolutely no connection with the contribution of the T.L.Board to-wards the Hattr road. During my minority Mr Turner was just as much in charge of Savanur as he was of Bankapur., and there is absolutely no reason why he should have favoured Savanur more than Bankapur. Apart from this the T.L.Board definitely let us know through the President of their District Local Board and my P.A. Mr Maconochie that they would contribute towards th e ~~special~~ current and also Special repairs . On the strength of this we undertook and completed the work and after the completion of the work which was entirely paid for by the State relying on their promise to pay it back by instalments, they now show a strong feeling against the contribution and maintenance of the road. I venture to say that this would not have been expected from even an ordinary business man much less should it be from a Taluka L.Board. Not-withstanding all this the members of th e Board choose to think that the State has been treating them unfairly. The Savanur dispensary is used a great deal by the villages in Bankapur Taluka and not only this, for a considerable time the Sub Asst Surgeon of Savanur went over to Shigaon once a week at the request of the Mamlatdar sometime ago. Almost all the post mortem cases of Bankapur Taluka are undertaken by the Sub Asst Surgeon of savanur. All this natural means that the Bankapur Taluka derives a certain amount of benefit from the Savanur dispensary. I always endevour to meet the neighbouring Talukas half way and would not have mentioned anything of the benefit the Bankapur Taluka derives from the State dispensary but under the circumstances I felt that I you as P.A. I must represent my views of the situation.

The idea that the Hattr road is or would not be of much use tothe Bankapur Taluka ought to have been represented to Mr Maconochie and I feel sure that if he thought it would not be worth while for Bankapur Taluka for the Construction of the Road he would not have pressed the board for its share of contribution.

If inqmiries are made in Savanur it will show that much more Passengr and goods traffic goes to and from Hattimatur for villages of Bankapur Taluka than the members of the board think.

I shall be grateful If you will kindly move the Board to adhere to their ~~resolu~~ original resolution to contribute towards the road.

Yrs sincerely

No 103 of 1915.

Harpur Office
Savanur May 1915.

Forwarded with compliments to the Political Agent with reference to his No 2291/15th April 1915.

Subject contribution to the Savanur Hattimattur Rd. to be paid by the R.B. Shiggaon:

The Savanur Hattimattur road was altogether constructed at a cost of Rs 7500/- in the year 1913. It was only a murrum road, thus it was useless during the rains for cart traffic. It was suggested during the year 1912. that the road should be metalled at a cost of Rs 5000/- on the clear understanding that a third of the cost should be borne by each of the Boards concerned. As the Taluka Local Boards could not afford to pay their share of construction all in one year it was suggested by Mr Macnochie in his letter No 482 of 23/6/13 who represented the State as its Political Agent on the one hand & the Taluka Local Boards as the President of the District Local Board on the other, that the Bankapur Taluka Local Boards should pay their share by instalments. The work was carried on & often

everything is finished I dont think it would be fair on the State if the Bankapur Taluka Local Board after everything has been arranged by Mr Macnochie who represented all the three bodies, should now go back. The State with its own Public Works Department & its money, relying on the arrangements made, carriedout the work.

If the Bankapur Taluka Local Board did not desire to contribute towards the road & felt that they were paying more than their share they ought to have there & then approached Mr. Macnochie.

As regards the question of current repairs this also has been done on the clear understanding that the Bankapur Taluka Local Board would contribute its share ~~of Rs 200/- per annum~~ (Rs 220/-) every year. I dont understand what benefit a Local Board would get by contributing towards the current & repairs of ~~the~~ a road only for one year & have no intention of contributing in future. The argument ~~that~~ the Board seems to have been ~~always put forth~~ putting forth of late is that the Hattimattur Road is more beneficial to Savanur. Yelavigi Road is just as convenient for actually the Savanur Ryots & the difference of a mile & a half would make little difference to them, starting as they would

Rem. to Bankapur Taluka Local Bd.

with fresh bullocks from Savanur. Whereas the Ryots from Baukapur & Shiggaon having already gone 9 miles, respectively to Savanur would feel the difference of 1½ mile more than Savanur Ryots.

You will see from the Resolution passed on 2nd Feb 14 that the Baukapur Taluka Local Board has objected to paying the contribution, because I refused to pay contribution to the Dispensary to be newly started in Shiggaon.

The Sub Assistant Surgeon, in spite of heavy work at Savanur, is deputed to Shiggaon to attend to cases there & give medical aid whenever it is necessary. Post mortem examinations of cases that are sent from ~~the~~ Territory are done by the State Head Office. The State makes no charges for the little service that it can do. It may also be noted here that the people of the adjoining British Villages take free advantage of the Dispensary in Savanur.

After the Dispensary in Shiggaon starts & if it is shown that a number of State villagers go to it for medical aid, the State is willing to give contribution. Besides this, I do not think that the question of maintenance of the road has any thing to do with the

question of Dispensary. If the Hattimattur road is not maintained, whatever money has been now spent will be a waste. The State is already paying half the cost of the upkeep of the Pala Badami & Bankapur to Yelavigi road running [redacted] State limits. While I see no reason why the State should spend an additional amount of Rs 200 to the sum already spent when practically Yelavigi road is just as convenient. The mails are taken to & from the station by the Hattimattur road. This is done partly because on the Yelavigi road in the old days there have been thefts of mail & partly because the Hattimattur road is shorter by 1½ mile. This is an important reason for the maintenance of the Hattimattur road. no U Rod 26/3/15

The Assistant Collector in his letter dated 26/3/15 that there is defect of sanction & if the Political Agent thinks that the Hattimattur road should be maintained, I request that proper sanction may be obtained for one third of the contribution of recurring charges either from the funds of the Talukha Local Board or from the District Local Board.

Thanks

Sir,

With reference to your office No 131 of 12th ultimo forwarding a copy of letter No. 3859 of 7th --- June 1915 from the Political Agent Dharwar, I have the honour to state that the claim in question is based on the following:-

(1) Resolution dated 7-1-10 passed by the ---- Karjigi Taluka Local Board.

(2) A part of the correspondance regarding the construction of the Savanur Hatti-Hattur Station Road beginning with Mr. Turner's the President T. L. B. Bankapur's No 230 of 4-4-14 & ending with his No. 285 of 17-12-09.

Copies of these have been annexed hereto for favour of ready reference.

The amount due by the 2 T. L. Boards will be reported later on.

2) The amount spent on the Savanur Hattimattur station road is as follows: -

Rs 4917-6-8 — on construction
Rs 309-0-8 — on repairs.

Rs 5226-7-4.

One third of the cost to be borne by the State and the Taluka Local Boards is as follows: -

Rs 1742-2-5 — Savanur State
Rs 1742-2-5 — Karjgi T. L. Board
Rs 1742-2-6 — Bankapur T. L. Board.

Rs 5226-7-4.

The State has already paid up its quota. Out of the share of the Karjgi T. L. Board, it has paid Rs 1112-12-0 by two installments Rs 557-12-0 on 23-12-13 + Rs 555-0-0 on 29-3-15 leaving a balance of Rs 629-6-5. Out of the share of the Bankapur T. L. Board, it has paid only Rs 200-00 on 5-9-13 leaving a balance of Rs 1542-2-6.

Thus Rs 629-6-5 + Rs 1542-2-6 are due from Karjgi + Bankapur T. L. Boards respectively.

My friend,

With reference to your letter No 3859 of 7th June 1915 I have the honour to state that it is on record to show that the Taluka Local Board is to pay 2/3 of the recurring expenses towards the Savanur Kallimallur Railway station road & that the copies of the records as mentioned below are enclosed herewith:

(1) Resolution passed by the Karjagi Taluka Local Board on 7-1-1910.

(2). A part of the correspondence regarding the construction of the road beginning with the

Turners the President Taluka Local Board Bankapur's No 220 of 4-11-1909 & ending with his No 285 of 17-12-1909.

2) The amount due by the said Taluka Local Boards is as follows

Rs 4917-6-8 have been spent on construction of Rs 309-11-8 on repairs

Total Rs 5-226-7-4.

Of this one third of the cost is to be borne by the State & 2/3 of the cost are to be borne by the Taluka Local Boards i.e Rs 1742-2-5 Kanjoji Tal. L. Board & Rs 1742-2-6 Bankapur Tal. L. Board & Rs 1742-2-5 Savanur State.

Out of the shares due by the 2 Boards, The Kanjoji Taluka Local Board has paid Rs (1712-12-0) = two instalments leaving a balance of Rs 629-6-5 & the Bankapur Taluka

has only paid Rs 200/- on 5-9-13 leaving
a balance of Rs (562-2-6)

To,

The Divan of Savanur.

Sir,

I have the honour to request that you will let me know whether you have prepared plans of the Hattimattur Station Road as far as it runs through this Taluka. It appears that although the road was built some 3 or 4 years ago no acquisition proceedings have yet been taken. I am therefore anxious to complete these proceedings and pay compensation to the persons entitled thereto. I assume that the amount subscribed by this Taluka and Bankapur Taluka Local Boards was intended to cover the estimated cost of acquisition and that this amount is on deposit in the State Treasury, but it may be noted that the interest on this sum will now have to be paid in addition.

I have the honour to be,

Sir,

Your most obedient servant.

To

The Collector of Dharwar.

Sir,

I have the honour to forward herewith a correspondence regarding the Savanur - Hattimattur Roa together with a draft Notification.

2. From the correspondence it would appear that though there was a good deal of talk about ---- acquisition nothing was actually done. It appears that all the parties except the owner of one share in survey No. 93 agreed to part with their lands free of compensation but no agreements appear to have been take from them.

3. It would appear advisable that all the land should be formally acquired but the information ---- regarding the other lands is not at present available. I will submit draft notification after collecting it.

4. It is quite possible that some of the holders will now demand compensation in which case it will probablyhave to be granted. But the only person who has constantly consistently claimed compensation is Fakirappa, part owner of S. No. 93. The value of the land which isblack soil is about Rs. 276 and to this will I think have to be added interest since the time of occupation, at say-5-percent per annum. The cost of original ~~acquisition~~ construction was borne in equally by the Taluka Local Boards of Karajgi and Bankapur and the Savanur State. As the cost of acquisiti was not originally included this additional cost will

I think have to be borne by the same three bodies.

5. I may add that Phakirappa is anxiou to receive in exchange S. No. 79 measuring 2 A. 16Gs and at present unassessed waste. The adjoining S. No. 80 was taken up a year or two ago and fetched in --- auction a price of roughly Rs. 125 per acre. It cost Rs. 50 peraacre to bring under cultivation.. On this basis thevalue of S. No. 79 is about Rs. 700 i.e. very nearly equivalent to the value of the land tak up as calculated above. I see no objection to the gra of this land in exchange and if it is so granted a certain amount of expense will be saved.

6. If however you think it necessary I will request the Taluka Local Boards of Karajgi and Bankapur and the Savanur state to contribute the amount of occupancy price.

7. The cost of acquisition calculated a above does not include capitalized value of assess-ment on the assumption that the Collector will be pleased to grant the land as a revenue free holding.

I have the honour to be,

Sir,

Your most obedient servant,
